Chapter 1 by Sapphire Rivers

Steep. Massive. Impenetrable. That's what the mountains have always been. I always wondered what lies beyond them. What lies beyond my kingdom of Lux.

My father is King Edward, my mother is Queen Daisy, my brothers Prince Kaleb, Prince Jamie, and my baby brother Prince George, my sister Princess Amber and I, Princess Sapphire. I am the oldest girl. My two older brothers of ages 17 (they are twins) and a baby brother the age of 3. My precious, wild sister is only 12. While I am 15.

We have never actually left the Kingdom in 5 years, tonight we are traveling to the middle of the 5 Main Kingdoms. I am so happy I might actually leave this boring land. I hope to find a suitor in one of the royal families. Although my sister thinks I am stupid to dream of these things. I know I am beautiful and I will be so faithful to whomever will choose me.

I sit in my room carefully packing my dresses and all other needed things. I know if I get married I will probably never come back so I also put in some of the most important things to me. My family paintings, my dolly and her clothing, a book of poems I write, and my sapphire necklace that my mother gave me

I stand up and look into the mirror. See more of Story Wars beautiful features. My eyes as dark blue as a sapphire, a perfect smile, and I know I will win over someone. I have to. Before

Chapter 2 by Jilyislovejilyislife

The carriage is still rickety even if it is made by the best carriage maker in Lux. The day had left us not to long ago and you could hear the loud crickets outside. The travel to The Center has been tiring, I played with my younger sister and my two older brothers told us stories the whole way. My mother had stayed home with my baby brother thinking he could not take the trip. Every one else was asleep now.

Chapter 3 by Song

We soon stopped in the middle of a forest, not too far from the castle to rest until the morning. I look into the darkness and wonder how much longer it will take to go to the Center. Taking a shaky breath, I open the door and take a look outside, nervous of what might be there. I walk outside into the cool night air. I look back making sure that my family is fast asleep and look around. Making sure he hasn't come, I enter the carriage again and close the door. Soon I fall asleep, hoping for the best.

Chapter 4 by Sapphire Rivers

"Hello, my dear" I wake to a soft whisper.

"Huh?" I say groggily. I open my eyes to find my self in an unfamiliar area. Looking down at me is him. I try to back away from him, but I find myself frozen.

"Welcome, my precious Sapphire" He says

"Where am I?" I barley manage to say. "You said a deadline of eight months. I had two weeks left"

"Oh, my Sapphire. You are with me, in my kingdom." He says with a grin. He sits down next to me and continues "Besides who can wait?"

My heart starts pounding like crazy. "You... promised..."

"When did I?"

Chapter 5 by Song

I wake up from my dream, breathing hard, my chest pumping. I sigh with relief as I realize it was

only a dream. I smile at my fathers snoring and slowly get up.

As soon as I chuck on my clothes, I race out the door and into the forest. The fresh air feels good on my face and in my lungs. Its almost dawn and there is not one animal to be seen. With the dream still stuck in my head, I run around the trees as if I'm playing a game of tag. "Sapphire. Is that you? Where have you gone?" I hear my sister call out. "I'm in the trees." I reply. I don't hear a reply from Amber. "Amber?" I say cautiously. Still no reply. Then I hear the trees rustle behind me and a twig snap.

Chapter 7 by adware

The hair on the back of my neck stands up. The temperature seems to have dropped down, past the freezing point. I can feel the cold air wrap around me. Then, I hear soft footsteps coming, closer and closer.

I am frozen. I struggle to move, but I can't. I finally manage to move. Using all my strength, I run and run and run, my heart pounding wildly in my chest, using energy I didn't even know I had. I don't know where to, but I know that I have to keep running. Eventually, I collapse from sheer exhaustion. My heart is beating wildly and I struggle to breath. My eyes close and I black out.

Chapter 8 by Sapphire Rivers

I wake up and find myself surrounded in complete darkness. I can't see anything. The ground feels hard and surprisingly like stone, unlike the grassy, forest floor I was just on. I sit up, using my hands to guide me. The world feels distant, my head starts to spin and I feel nauseous. I hear slow, soft footsteps, coming toward me. 'God,' I think 'it's footsteps, always footsteps.' Somehow the darkness seems to become darker, and it spreads. The footsteps stop. Slowly, ever so slowly, a dim light, that can barely be called a light appears. It slowly shines brighter and brighter.

I don't know what to think, but I have a sudden urge to get closer to the light. It's like it's pulling me toward it. I resist, I know that I can't be that foolish. Soon enough, the light grows bright enough for me to see the silhouette of the figure. My body fills with anticipation. Then, I see the person. The tension in my body rushes out immediately, it's not him. But, my body tenses again as I see I don't know him. My eyes narrow. He looks around 19, but his expression is cold. It sends shivers up my spine.

Finally, he bows, then says "Welcome to Kingdom Noctis."

Update: The sequel is on the way. If you want to check it out, it's called Kingdom of Noctis.
